Other Business Activities

Kevin Blanchard has a financial industry affiliated business as an independent insurance agent. Not more than 30% of his time is spent on these activities. From time to time, he offers clients advice or products from those activities. He may receive separate yet typical compensation in the form of commissions for the sale of insurance products.

These practices represent a conflict of interest because it gives Mr. Blanchard an incentive to recommend products based on the commission amount received. This conflict is mitigated by the fact that Mr. Blanchard has a fiduciary responsibility to place the best interest of the client first and the clients are not required to purchase any products. Clients have the option to purchase these products through another insurance agent of their choosing.
